Number of viewers during the events

The chart displays the number of concurrent viewers for eight different events. The x-axis represents time from 17:13 to 19:34. The y-axis represents the number of concurrent viewers, with a grid line at 1000. The events are color-coded and labeled on the right side of the chart:

- 17 May, Web 3.0 (Teal line)
- 17 Apr, Renewables & ESG (Dark blue line)
- 12 Apr, Biotech & Healthtech (Brown line)
- 10 May, Property & Funds (Orange line)
- 26 Apr, Funds & Fintech - 1 (Green line)
- 24 May, Funds & Fintech - 2 (Red line)
- 31 May, ASX & pre-IPO (Light green line)
- 3 May, Software (Purple line)

Key observations from the chart:

- The top most popular event was Web 3.0, followed by Renewables (probably, because it was the first in the series) and Biotech/Healthcare.
- The peak of viewers is seen during the keynote presentation / first 30 mins of each event.
